Kindle

Find & Checkout Materials

Search or browse for a Kindle compatible title to check out and download at

<http://seoebooks.seo.lib.oh.us>. If downloading an eBook for Amazon Kindle, please select the Kindle version when adding to your cart. Upon checkout, instead of a "Download" button, you will see "Get for Kindle." Click this for each title. Use your Kindle to open the Amazon.com website. You will be prompted to enter your Amazon ID or create an Amazon account. Select a Kindle device or Kindle reading app. Click the 'Get library book' button and sync your device or app to download the book, or send it to your device via USB.

Transferring via USB

An active Wi-Fi connection is required for wireless delivery to a Kindle device. If your Kindle is not Wi-Fi capable or you do not have an active Wi-Fi connection, you will need to transfer titles via USB. *Library Kindle Books cannot be transferred via 3G connections.*

1. After downloading, use your USB cable to connect your computer and Kindle.
2. Your Kindle will appear as a drive on your computer.
3. Copy your downloaded file from your computer to your Kindle's documents folder.

Kindle Reading Apps

If you do not have a Kindle device you can still use Kindle Books on your Windows PC, Mac computer, iPhone, iPad, BlackBerry, Android or Windows Phone 7 with the Kindle for PC reading app. Once the software is installed, register it with your Amazon account and it will begin syncing titles borrowed or purchased with your Amazon account.

Kindle Reading Apps are available at Amazon.com in the Kindle Store under Free Kindle Reading Apps.

Returning a Kindle book:

- ◆ Sign into your Amazon.com account.
- ◆ Select "Manage Your Kindle"
- ◆ Click on the "Actions" button of the library book.
- ◆ Select "Return this book."
