

October 31, 2016

I had the pleasure of hosting Adam Pate at our summer reading finale program in 2015, while I was at Grafton-Midview Public Library. He is a caricature artist, and was easy to work with and his work was high quality- and fast! This was an amazing attribute so we could get as many people caricatures as possible during our celebration. He has even won speed sketching competitions.

We are having him out in February to do a tween after-school drawing class, which will be fun.

His company has a roster for all different types of performers, although I haven't used anyone else myself. If you need any more information let me know.

Thanks!!
