

October 5, 2016

I would love to recommend Dr. Dave Lohnes' Whiz Bang Science Show (drdave@whizbangscience.com) for the Ohio Youth Services Performer's Showcase. I have had Dr. Dave at the West Salem Branch of the Wayne County Public Library several times over the last ten years, and I can say that the audiences love him every time. He is very easy to work with and puts on a great show for people of all ages. I can certainly say that I enjoy watching as much as the kids do! He combines science with fun to keep the kids engaged and learning. I would highly recommend this performer. You can visit his website at WhizBangScience.com.

Thank you.
