Dennis Regling performs at Ohio festivals, events out of state, schools, as well as at our library. (He is also an active patron and supporter of our library!) . His performances include magic, humor, and balloon art. His messages are tailored to learning, science, bullying, etc., depending on the venue. For example, he performed for our recent summer reading program and his show was tailored to the theme of "Every Hero Has a Story."

His contact information is.
