THE OHIO DIGITAL  
LIBRARY

Member library systems in the Ohio Digital Library consortium share a collection of digital media that includes ebooks, audiobooks, magazines and videos.

Started in 2005 as the Ohio eBook Project, the consortium expanded and was renamed to "The Ohio Digital Library" when the Ohio eBook Project and the SEO Library Consortium merged in 2013. The Ohio Digital Library is funded in part by federal LSTA funds awarded by the Institute of Museum and Library Services to the State Library of Ohio.

This statewide project helps public libraries provide digital media services at considerable savings. The State Library of Ohio acts as Project Manager and contracts with OverDrive®, Inc. for the service.
