Columbus Metropolitan Library would like to recommend Jeff White, of Archeology, Can you Dig it?, to the Ohio Youth Services Performance Showcase.

Jeff White's programs are informative and hands on. Jeff is also creative and willing to go the extra mile. When we were looking for a science program to present during Black History Month, Jeff created an informative, hands-on program about African American scientists, which included himself.

In the few years Jeff has been conducting performances, he has shown excitement for his craft, flexibility with his schedule and willingness to learn by seeking feedback on his programs. Jeff truly provides hands-on programming that kids love!
