Buckeye Children's and Teen Book Awards

- The nominations period for the 2022 Buckeye Book Awards closed in March. The top 5 books in each age/grade bracket, as nominated by Ohio students, are featured on the website: bcbookaward.info. Voting takes place in the fall.
- The Buckeye Children's and Teen Book Award program is designed to encourage children in Ohio to read literature critically, to promote teacher and librarian involvement in children's literature programs, and to commend authors of such literature. It was established in 1981 and is a collaborative project of the Ohio Educational Library Media Association, Ohio Council of Teachers of English Language Arts, Ohio Library Council, the Kent State University School of Information (iSchool), and the State Library of Ohio. All nominations are made by Ohio students and all the voting is done by Ohio students. Contact Janet Ingraham Dwyer at jdwyer@library.ohio.gov with any questions.

Choose to Read Ohio

- The [2021 & 2022 CTRO booklist](#) features 20 notable titles for all ages and reading levels. The booklist includes five books each for young children, middle grades, teens, and adults, and encompasses fiction and nonfiction and a range of geographic and cultural interests. Ohio librarians, teachers, and other book experts help to select the biennial CTRO booklist.
- Readers' toolkits for all 20 of the 2021 & 2022 titles, and for every book featured on previous CTRO booklists, are available for download on the CTRO website (library.ohio.gov/ctro). Toolkits include discussion questions, extension activities, author biographies, links, and resources for library program planning, book group use, and individual exploration.
- The **CTRO book widget** provides libraries a customizable platform to showcase books by Ohio authors and illustrators and to provide access to readers' toolkits and more. See it in action at <https://library.ohio.gov/ctro> and download it here: github.com/StateLibraryofOhio/ctro-book-widget.
- The selection process for the 2023 & 2024 CTRO booklist is wrapping up and the new booklist will be announced in conjunction with the [Ohioana Book Festival](#) in late April. 75 Ohio educators, librarians and library specialists, and other advocates for books and readers participated in the selection process as [CTRO electors](#).

- ODN and OPLIN are once again collaborating to offer a special award for Ohio History Day (OHD) projects. The Ohio Digitized Archives Researcher Award recognizes one outstanding Junior and one Senior Ohio History Day project demonstrating effective use of digitized resources created by Ohio's cultural heritage institutions—public libraries, educational institutions, museums and historical societies—made available through the Ohio Digital Network or an institution's own website. The project should demonstrate that the researcher has developed their own questions and ideas about their topic, has expanded the variety of resources they consult, has evaluated those sources for usefulness and bias, and has applied them to their research questions with sufficient citation for others to find those sources again.
 - More information about OHD awards available at:
[https://www.ohiohistory.org/OHC/media/OHC-Media/Documents/History%20Day/List-of-Special-Awards-2022-\(Public\).pdf](https://www.ohiohistory.org/OHC/media/OHC-Media/Documents/History%20Day/List-of-Special-Awards-2022-(Public).pdf)

Summer Food Service Program

- Many libraries in Ohio and around the USA participate in the Summer Food Service Program (SFSP), a USDA-funded program that provides free meals and snacks to children ages 0-18 in communities with high levels of need. Besides the obvious benefits of addressing hunger and supporting vulnerable youth, SFSP participation benefits libraries through:
 - Access to new user groups, especially underserved and marginalized populations
 - Increased visibility of the library as a community asset
 - Opportunities for new partnerships
 - Positioning of the library as an important stakeholder in community well-being and positive child outcomes
 - Support for summer library programming through increased attendance
- If you are already an SFSP site or have been in the past, work with your current/previous sponsor to prepare for summer 2022.
- If you want to become an SFSP site, the Collaborative Summer Library Program offers a thorough, clear how-to guide for libraries: [Libraries and Summer Food](#) provides a step-by-step for libraries interested in becoming SFSP sites, or otherwise getting involved in addressing child food insecurity during the summer.
- The [Children's Hunger Alliance](#) can serve as an SFSP sponsor for eligible sites in all 88 Ohio counties for distribution of shelf-stable meals and snacks that meet nutrition guidelines. You may also consider completing the [Ohio Department of Education's Potential Sponsor Survey](#). The ODE administers the SFSP statewide and identifies new sponsors and sites through this survey.
- The State Library also offers a basic guide for Ohio libraries: library.ohio.gov/summer-food.
- Please note that the waivers that granted the USDA flexibility to expand SFSP and ease requirements on meal distribution during the pandemic are set to expire on June 30. A message was posted to Ohio library listservs including [Library Youth Services](#), [OPLINLIST](#), and [Smlibs](#) on March 28 with details and suggested strategies for libraries. Contact Janet Ingraham Dwyer at jdwyer@library.ohio.gov with questions or for a copy of that message.

Library staff who didn't have an opportunity to attend a workshop, or who want to explore additional learning opportunities to support SLP planning, may see this [list of recorded webinars and self-paced content](#) on the [Ohio Summer Library Program website](#).
- **The Ohio State Fair and Ohio Renaissance Festival are supporting Ohio public libraries' summer programming with coupon incentives.** Any Ohio public library may, at its discretion, distribute these coupons. Instructions for obtaining these coupons have been posted to Ohio library listservs including [Library Youth Services](#), [OPLINLIST](#), and [Smlibs](#). - **The Greater Cleveland Aquarium is supporting Ohio public libraries' summer programming with two special offers.** For summer 2022, Ohio public libraries may book a specially discounted 45-minute virtual program developed by the Aquarium's education staff especially for libraries. Ohio public libraries may also purchase at half price a 4-pack of admission vouchers to use as SLP prizes. See the Greater Cleveland Aquarium special offer flyer for details on both offers: <https://library.ohio.gov/documents/cle-aquarium-2022/>
- As any other statewide SLP incentives become available, they will be announced on Ohio library listservs and on the Ohio Summer Library Program page: <https://library.ohio.gov/ohio-summer-library-program>.
- The [2021 Ohio Summer Library Program Evaluation Report](#) details how Ohio public libraries supported their communities safely and thoughtfully during a second pandemic summer. The report describes innovations, challenges, successes, and lessons learned, and features stories and photos from libraries around Ohio. Statewide participation and program attendance totals are included. View, print, and download it here: <https://library.ohio.gov/documents/2021-ohio-summer-library-program-report/>

- The **2022 Collaborative Summer Library Program manual access code** was emailed to a representative of each Ohio public library in early October and again in early December. The CSLP manual is made available to every Ohio public library building and is fully supported by federal LSTA funds administered by the State Library of Ohio. The 2022 CSLP slogan is "Oceans of Possibilities." The program features artwork by Sophie Blackall on the theme of Oceanography.
- Starting with the 2017 program ("Build a Better World"), CSLP fully owns the artwork for each program year and makes it available to CSLP member libraries in perpetuity. All Ohio public libraries may use all artwork and slogans (from 2017 on), year-round, for summer or winter reading programs or any other programming or publicity use within CSLP's [Rules of Use](#).
- Contact Janet Ingraham Dwyer at jdwyer@library.ohio.gov with any questions about SLP.
