Recommendation for **Nora the Explorer** (Nora Melton)

Nora is one of the best animal entertainers I have ever worked with. She knows how to make her programs engaging and educational. Her interactive program includes many reptiles, an African hedgehog, hissing cockroaches and much more. Learn about animals from around the world. Feel the scales of a snake, the breeze off of a parrot's wings, or see a spider tip-toe. Yes, the audience members get to touch the animals!

She previously worked in wildlife education and care with the Cleveland Metroparks Zoo, The Greater Cleveland Aquarium, The Safari Park, and Jungle Bob.

Her cost for library programs is \$150 + any applicable travel fee. (Such a deal!) She resides in Grafton, Ohio.
