

October 21, 2013

Recently we had a great Family Night event with Mr. Eric (Eric Ahlteen). His program is entitled Mr. Eric's Kids Band, and it was fabulous. Everyone participated and was so engaged. The program promoted learning and growing through music, rhythm, rhyme, while honing skills in self-confidence, socialization, and communication. His website is www.mrericmusic.com. He would be great for a performer's showcase and the list of performers on the State Library Website. By the way, the program was very reasonably priced.
