“Last year I had the pleasure of working with Michael Roy Baldrige and his *Cirque du Papier* performance during a carnival program we held at our library. Michael was extremely easy to work with and provided great entertainment for all ages. For the few hours that he was here, there were flocks of people around him watching him work his magic with paper. Michael took requests from the audience and gave away many different amazing origami pieces. He brought with him a really nice display of his work as well. Michael Roy's *Cirque du Papier* was very well received by people of all ages. I would definitely recommend him to others!”
