

Recommendation: Lindsay Sprague, Winterberry Homestead

Lindsay Sprague offers a variety of amazing programs that help children and families learn about animals, nature, and the environment and allow them to get up close and personal with real animals. Lindsay is a skilled presenter who shares her wealth of knowledge and expertise about the animals she brings with her and running a working farm. The Voorheesville Public Library has hired Lindsay several times over the years for different programs and we continue to hire her as we have always been impressed with the quality and diversity of the programs she offers at a reasonable fee. The children and families have enjoyed every program that Lindsay has offered at our library and we look forward to having her return. I have already booked her for a spring and summer program.

I highly recommend Lindsay Sprague and the educational programs she offers. I strongly recommend that she be included in the Ohio Library Performer's Database. She is included in the New York State Performer's Database. Thank you.
