

January 31, 2017

We are very happy to be writing a recommendation for Ms. Teri Lott, storyteller.

Teri has been to our library several times and has done a wonderful job. In October 2014 we asked her to present "Spooky Tales". We had a range of ages from children through adult enjoy active stories full of audience participation. Our patrons were entertained and spellbound.

Recently we had Teri back to present Winter Story Time to our Preschool Story Time crowd. Twelve participants from age 1 to adult played along with Teri's interactive stories which used songs, puppetry and lots of different voices. Each child received a snowflake from Teri, who also dresses for her theme with various costume pieces, headbands etc.

We wholeheartedly recommend Teri as a wonderful storyteller and kindhearted human being who is easy to work with and experienced at her craft.

Please contact us with any questions you may have. Thank you!
